

HOW WE VIEW CASH FLOW PLANNING

One of the most interesting parts of financial planning is cash flow management. It's where personal values are the most visible and where the most important planning decisions are made.

We've created a three-part blog series outlining our philosophy and approach for cash flow planning and how understanding your own ideas about financial freedom can help you make smart cash flow planning decisions.

Part One: [Savvy Cash Flow Management: Understanding Expenses](#)

Part Two: [Savvy Cash Flow Management: Personal Spending and Best Practices](#)

Part Three: [Savvy Cash Flow Management: Actionable Ideas](#)
